Certified Health Data Analyst
Certified in Cybersecurity

EXPERIENCE

Austin State Hospital, Austin, TX

Director of Facility Information Management, April 2024 - Present

- Led a team of information management professionals responsible for overseeing information workflows, electronic health record access, and the integration of clinical and operational data systems.
- Managed the development and maintenance of over 200 Crystal Reports used to monitor processes, identify errors, and support quality improvement initiatives.
- Served as an expert for multiple IT systems while actively participating in hospital and systemwide committees focused on clinical operations, informatics, and patient care.

Data Analyst II, May 2021 - April 2024

- Performed routine data analysis and data research associated with health information management and technology.
- Conducted detailed analysis of and extensive research on data and provided results using EHR and Access databases to improve performance, processes, and quality of care.

Admin Assistant IV, Aug 2020 - May 2021

- Performed advanced administrative support work associated with health information management and technology.
- Compiled and edited data for charts, graphs, and databases, and prepared summary reports for The Joint Commission compliance.
- Facilitated the creation and management of more than 750 network and clinical workstation accounts for clinical and operational staff.

Admin Assistant II, Jan 2020 - Aug 2020

- Coordinated approval and payment of all invoices and obligations owed by the hospital in compliance with the Prompt Payment Act.
- Maintained manual and electronic filing systems and assisted with inventory and receiving.

Texas Senate, Austin, TX

Legislative Support, Feb 2019 - Aug 2019

- Supported Lt. Governor, Secretary of the Senate, Journal Clerk, and 31 Senators during session and on the Senate Floor.
- Coordinated and fielded written testimony for 16 Senate Committees.
- Ensured delivery of interagency mail to over 60 offices in and around the Texas Capitol Complex.

The University of Texas at Austin

Peer Research Mentor and Lab Manager, Jan 2017 - Dec 2018

- Participated as a Summer Research Fellow and completed over 250 hours of research with an emphasis on data analysis.
- Authored detailed reports and data analysis on weekly experiments.
- Graded lab reports and notebooks and provided feedback to students.
- Ordered, organized, and logged inventory of over 150 chemicals and laboratory consumables.
